A childrens book that helps tell the story of John Paul II

April 1, 2011. For the beatification of John Paul II, a book for children was published that tells the history of the late polish Pope. "Karol, the Friend," tells the story through different drawings and simple text, the life of the Polish pope from his childhood through the horrors of Nazism, the Stalinist regime, his work in the Church, and his election as pope until finally his death.

It's a fun way to learn about the life of a pope who asked children to help him accomplish his mission. He would call them "little friends of Jesus," even dedicating a pastoral letter to them in 1994. It was the first directed towards children in the history of the Church.

Triunfa un libro para niños sobre la vida de Juan Pablo II

1 de abril, 2011. Con motivo de la beatificación de Juan Pablo II se ha editado un libro para niños y jóvenes que cuenta su historia. "El amigo Karol" cuenta a través de numerosas ilustraciones y con texto sencillo, la vida del papa polaco desde su niñez, pasando por el horror del nazismo, el régimen estalinista, su vocación, su elección como Papa hasta su muerte.

Una manera de que conozcan la vida de un Papa que pedía a los niños que le ayudaran a cumplir su misión y que les llamaba "pequeños amigos de Jesús" y a quienes dedicó una Carta Pastoral en 1994, la primera dirigida a niños en la historia de la Iglesia.
